

# TRON PARKING

# WELCOMES U

# Intro

🏠 Welcome to Tron Parking,

# What Is Tron?

- ⬡ TRON was founded by JUSTIN SUN in 2017. The TRON Foundation was established in July 2017 in Singapore. The TRON Foundation raised \$70 million in 2017 through an initial coin offering shortly before China outlawed the digital tokens. The test net Blockchain Explorer, and Web Wallet were all launched by March 2018.
- ⬡ Tron is getting more popular nowadays, but it's not the only altcoin that has attracted investors from all over the world. In fact, one of the predecessors to Tron is Ripple, and XRP seems to be doing rather well at the moment.
- ⬡ If you're not familiar with this cryptocurrency, you can read all about Ripple/XRP crypto and see what all the hype is about. Basically, Ripple and Tron are often connected as Tron's founder Justin Sun used to work for Ripple back in the day

# Is Tron going to become the next Bitcoin?

- The next Bitcoin – The world of cryptocurrencies is a fast-paced one – new events take place daily. These events affect the prices of coins and create new opportunities for crypto investors and traders.
- Coins rise and fall, receiving attention, as the crypto market evolves and becomes more competitive. One of the coins that have received a lot of attention recently and managed to emerge from the sea of altcoins is the Tron coin (TRX).
- People are quite loud about it. Crypto enthusiasts are divided when discussing the future of this cryptocurrency. Some claim it has no future at all, while others are almost certain Tron will be big – even bigger than Bitcoin.
